August 2017

Tribal Office Closure for Total Solar Eclipse

Emergency Managers across Oregon have been meeting for over a year to plan for an influx of visitors to the state to view the Aug. 21 total solar eclipse. The planning assumption is that Oregon will experience an additional 1 million visitors for this event. This will mean heavy traffic and prolonged travel times on our roads and highways. To keep folks safe, the Tribe has determined it necessary to close tribal offices in Siletz, Salem, Portland and Eugene and the clinic on Aug. 21, the day of the eclipse. You can find information on safely viewing the solar eclipse in Oregon online at the following web address:

oregon.gov/osp/SFM/docs/Comm_Ed/solareclipse/solareclipsesafety.PDF

Fresh Steelhead Calling

During July and August, we receive whole-bodied hatchery steelhead from ODFW's Siletz Falls fish trap for distribution to Siletz Tribal families. If you would like to subscribe to the auto-dial message system to receive a recorded call on the day steelhead will be available, please call the Natural Resources Department at 541-444-8227.

Usually, we receive 1-2 hours advance notice on the day fish will be available, but lead time varies. The pickup site is at the Tribal administration building on Southeast Swan Avenue in Siletz.

We ask everyone to bring their Tribal ID and to come in person to pick up fish, which are distributed on a first-come, first-served basis (notes are not accepted).

Community Health Events

Wednesdays • 5:30-7 p.m.
Trauma Support Group (age 18+)

Household Hazardous Waste (HHW) Collection Event

Saturday, Aug. 12, 2017 • 10 a.m. to 3 p.m.
North Lincoln Sanitary Service Recycling Center
1726 SE Highway 101
Lincoln City, OR 97367

On Aug. 12, Lincoln County residents can properly dispose of highly hazardous household waste for free during this annual event, sponsored by Lincoln County waste haulers and the County Solid Waste District.

Held once a year, this event rotates between Lincoln City, Newport, Toledo and Waldport.

"It is critical to do as much as we can to keep hazardous materials out of the environment and away from children and pets," said Mark Saelens, program manager. "Disposing of old, unused or excess hazardous material is very expensive and this event allows citizens to do their part for free."

At this event, household hazardous materials that will be accepted include:

- Poisons: Pesticides, herbicides, fungicides and other poisons
- Heavy Metals: Mercury and products containing elemental mercury
- Corrosives: Acids, bases and reactives

Using care when handling hazardous household waste is essential. The proper preparation and transport of hazardous materials will minimize risks to you, your family, property and disposal staff from accidental spills or dangerous mixing of materials.

Products should not be mixed together. Dangerous reactions can occur when some materials are mixed. Keeping products in their original containers when possible will help staff dispose of materials safely.

Products also should be properly sealed to prevent leaks and spills. If a container is leaking, secure it in a secondary leak-proof container. Pack containers in sturdy boxes in the

trunk of your vehicle, away from the driver, passengers and pets.

Containers and boxes, including gasoline cans, cannot be returned, so make sure you don't need them for future use. Please do not put items in plastic bags.

Household batteries, car batteries and fluorescent bulbs should not be brought to the event as these can be dropped off at recycling/transfer stations throughout the year during regular business hours.

Oil-based, latex and other paints (some of which are considered haz-

ardous household waste) should not be brought to the event unless the paint cans have lost their label. Most latex and oil-based paint also can be dropped off throughout the year. A few spray paint cans that are at least a quarter full will be accepted.

CEGs, businesses and governments that have hazardous waste are asked to schedule an appointment to drop off their waste. Fees apply. Contact Mark Saelens, Lincoln County Solid Waste District (msaelens@co.lincoln.or.us, 541-574-1285) in advance to schedule an appointment.

Confederated Tribes of Siletz Indians
Annual Nesika Illahee Pow-Wow

Veterans Service Office Lincoln City Expands Outreach and Relocates

The Lincoln County Veterans Service Office (VSO) is proud to announce that it has expanded its outreach presence in Lincoln City to once-a-week at the Worksource Oregon office at Lighthouse. This change comes as the VSO remains committed to increasing services and advocacy to our North County veterans.

The traditional first-Thursday outreach at the Lincoln City Senior Center no longer takes place as the demand for an increase in services has necessitated the change in venue.

The Lincoln County VSO would like to thank the staff and volunteers at the Lincoln City Senior Center for hosting and supporting it throughout the years. We owe much of our growth to their partnership and commitment to veterans within the community.

We look forward to more

adequately serving our veterans in North County and are grateful to our partners at Worksource Oregon for hosting and allowing this to happen. Please see the new Veterans Service Lincoln City Outreach schedule below:

Who: Lincoln County Veterans Service Office

What: Lincoln City Expansion and Relocation

When: Every Thursday from 9 a.m. to 3:30 p.m.

Where: Worksource Oregon Office at Lighthouse Square 4157 NW Highway 101, Lincoln City OR, 97367

For any additional questions or concerns regarding expansion, VA claims benefits or to schedule an appointment at our Newport office, contact Devin or Pete at 541-574-6955.
